Cure in One Minute

VERMONT CORPORATIONS.

During Year 1904 There Were 52 Corporations Chartered.

During the year of 1904 corporations have been organized under the general law in Vermont representing a capitalization of \$1,985,290. While these figures do not approach the unusual year of 1903 when the capital stock of corporations chartered by the secretary of state amounted to \$3,612,000, still the growth has been a healthy one. For the year 1902 the total capital stock amounted to \$1,723,700.

Fifty-two corporations filed articles of association during the year at the State House, representing companies in which capital stock was required, against 66 a year ago and 46 in 1902. Twelve charitable and religious associations were chartered against 15 a year ago.

The corporation representing the largest capital stock was the Casein Manufacturing Company, of Bellows Falls, \$550,000. Seven corporations were chartered for \$100,000 and over.

DISEASE RAGES.

More Than 25,000 Cases of Consumption In New York.

New York, Dec. 30.—Reports to the health department show that pulmonary and bronchial diseases are causing great mortality in this city. Inclement weather before Christmas, combined with fatigue from overexertion in preparation for the holidays, caused the epidemic. There were 309 deaths from pneumonia last week, an increase of 36 over the week previous, and 37 more than during the corresponding week of last year. Pleurisy, bronchitis and colds of all degrees flourish.

Officials of the department say the death rate from pulmonary consumption has been steadily rising, and that since Jan. 1 more than 12,000 new cases have been reported in the city. Added to those already known and allowing for unreported cases and for deaths during the year, it is estimated that there are now between 25,000 and 28,000 cases. To prevent the spread of the disease, and to cure or aid those suffering from it, the board of health has opened its free clinic and is trying to find a suitable site for a sanitarium outside the city, where incipient cases may have a chance for recovery.

DESERTED HIS FAMILY.

Frank Hardy, Formerly of Burlington, Declared He Wouldn't Support Them.

Burlington, Dec. 31.—Deputy Sheriff Quinn went to White River Junction yesterday to arrest Frank Hardy, who is wanted in Burlington on the charge of the non-support of his wife and children. About four months ago Hardy suddenly quit home and left no word with his family as to where he was going. Mrs. Hardy and her two children having no means of support, were therefore dependent upon others. It was later ascertained that Hardy was working at White River Junction and he also informed his better half that he was not going to support her any more. The authorities took up the matter and he was arrested. He is said to have had lucrative employment in White River Junction.

A Guaranteed Cure for Piles.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. Fifty cents.

CHARGED WITH FORGERY.

J. P. Seguin, of Burlington, Said To Have Raised Promissory Note.

St. Albans, Dec. 31.—J. P. Seguin, of Burlington, a clerk in Taft's drug store in that city, was arrested there by Sheriff Barney F. Kelley, brought to this city on the noon train yesterday, and lodged in the Franklin county jail to answer to a charge of forgery. It is alleged that Seguin raised a promissory note, the face value of which was \$10, to \$100 by adding a cipher to the figures on the note, the amount not being written in the body of the note. Seguin has retained A. H. George to defend him and will probably have a hearing in a day or two.

SMITH'S BUCHU LITHIA PILLS.

SICK KIDNEYS.

ALL GENUINE SIGNED

Great Good in Bad Cases.

Fitchburg, Mass. "I should have answered your letter sooner, but I wanted to see how your Smith's Buchu Lithia Pills worked. I can say they did all I expected of them. I have not had rheumatism since. I have some of them to give to a young man here and he took them, he could not walk with anyone, for he had rheumatism in both feet, and was greatly benefited. There are a great many using Smith's Buchu Lithia Pills in bad cases of rheumatism."

E. FOSTER.

THE COURT OPENS BOXES

Colorado Supreme Bench Decides Ballots be Recounted.

VICTORY FOR DEMOCRATS

Governor-Elect Adam's Petition to Have Alleged Frauds Investigated Is Granted.

Denver, Colo., Dec. 30.—Chief Justice Gibbert today announced the decision of the supreme court to grant the petition of Governor-elect Alva Adams for the opening of all the ballot boxes used in Denver at the late election and a full investigation of all frauds. Mr. Adams in filing the petition was to secure a legal determination of the question whether he or James H. Peabody is entitled to fill the office of governor for the next two years.

Announcements of the managers of the Republican postelection campaign indicate their confidence that the legislature, in which at the outset on joint ballot there will be 66 Republicans to 33 Democrats, will throw out enough Democratic precincts in Denver to overcome Alva Adams' 10,000 plurality for Governor and declare Gov. James H. Peabody re-elected.

These Republican leaders justify such action on the claim that in all the Democratic precincts frauds were perpetrated.

The Democratic leaders assert that the ballot boxes of the five precincts opened in court may have been stuffed since the election in support of a corporation conspiracy to steal the governorship and Senate and pack the supreme court, which is to be increased from three justices to seven on April 4 next.

The Republican managers announce that the Senate probably will unseat six more Democratic members, including two seated by the Democratic majority two years ago, in reprisal for the unseating of Democratic representatives by the Republican majority in the House in a futile endeavor to obtain a majority on joint ballot and defeat the election of United States Senator Teller.

One of the first acts of the legislature, it is reported, may be the adoption of a memorial to the United States Senate asking for the expulsion of Senator Teller on the ground that his election was accomplished by means of gross frauds at the polls in this city two years ago.

Warrants have been issued from the supreme court for eight more persons in election contempt cases.

DEFIANCE FROM FITZ.

He Stands Ready to Fight Corbett—His Offer to Munroe.

New Haven, Dec. 30.—Bob Fitzsimmons today declared that he would give \$5,000 to the man who, at 158 pounds, would stand up against him. He said: "Nothing would please me better than to get another whack at Jim Corbett. It would draw the best of any match in the world, for more arguments have been made over the merits of 'Fitz' and Corbett than over any other two men. When we fought in Carson City more press was sent out about the fight than there was at the next Presidential convention. As to Jack Munroe, he is the biggest impostor as a boxer who ever gold-bricked the public in a heavy-weight class. I say impostor as a fighter, not as a man. He is really no fighter. He is a good fellow but he can't fight. Corbett doesn't want to meet me though. He is simply talking about a match to bolster up his theatrical venture. I have offered Munroe \$100 a week to be my boxing partner in my play."

SHIP BREAKS IN TWO.

Much of Drumelzier's Cargo May be a Total Loss.

New York, Dec. 30.—The British steamer Drumelzier, which went aground on the sand bar off Oak Island during the storm last Sunday, has broken fairly in two amidships, and it is believed much of her valuable cargo will be a total loss. Today the waves continued to run so high that wrecking tugs and barges which had been sent out to lighten the cargo could not approach her, and they withdrew to await more favorable conditions.

BAIL FIXED AT \$1,500.

James McGuirk in Court on Charge of Shooting Joseph Evans.

Bennington, Dec. 31.—James McGuirk arrested Tuesday evening on the charge of being connected with the shooting of Joseph Evans, has been released on \$1,500 bail in municipal court. John Evans, father of the injured man, furnished the money.

Viscome Hearing Again Postponed.

St. Albans, Dec. 31.—The continued hearing from December 15 on an application for admission to bail of Giovanni Viscome, which was to have been held before Assistant Judges Richard Smith of West Enosburg, and E. A. Chittenden of this city, at two o'clock Thursday afternoon, was further continued without date. Viscome is held to await the action of the grand jury on the charge of having murdered Francesco Philippi at Swanton Junction October 10. States Attorney Warren R. Austin represented the interests of the state and Col. Willard Farrington appeared for Viscome. The amount of bail, which was fixed by Justice of the Peace C. H. Reynolds is \$1,000.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. K. W. Grove's signature is on each box. 25 cents.

A RELIABLE MEDICINE

A Reporter of the Times Interviews Our Local Druggists, Rickert & Wells.

The Interview of Interest to Every Person in Barre.

So many patent medicines and advertised cures are now offered to the public that our readers should be glad to know the opinion of a man who has spent years in handling them, and profit by his advice. Said Mr. Wells of Rickert & Wells: "After having sold drugs and all kinds and makes of medicines for so many years, naturally we have learned something about them, their value and power to cure."

"There is no one medicine that will cure everything, but this I do know, that if the people of Barre only realized the wonderful curative and strength-creating power of Vinol, we would not have clerks coming in our store to put up the orders for it."

Continued Mr. Wells: "You see Vinol is not a patent medicine, and it actually does contain every one of the fifty odd medicinal curatives taken from fresh cods' livers, with other vitalizing ingredients. It contains no poisonous drugs or nauseating oil, and you know just what you are taking. Vinol has wonderful life giving properties; it tones up and invigorates every organ or the body to do its work, and we know it will make rich, red blood, build up the depleted system and create strength."

"When we tell you that we have never sold in our store such a valuable remedy as Vinol for the following ailments, and that if it fails to accomplish what we say it will we will refund your money, it will show our faith in its wonderful curative and vitalizing powers. "It will build up run down, tired, debilitated people. It will make the weak and sickly strong and well. It will make flesh for thin people. It will increase the appetite. It will cure nervousness, irritability and sleeplessness. It will cure stomach troubles, dyspepsia and indigestion. It will make rich, red blood. It will make weak, puny, ailing children strong and robust. It is the greatest strengthener and body builder in the world for old people. It is a great strengthener for weak women. It is a boon to nursing mothers. It will positively cure chronic coughs and colds. It cures bronchitis. It makes weak lungs strong and is of untold value in consumption and all wasting diseases. For the convalescent it has no equal as a strength maker. "We cannot make a stronger statement and can only ask such people in Barre to try Vinol on our guarantee." Rickert & Wells, Druggists.

25-POUND CHILD BORN.

Delivered Dead by Caesarian Operation; Mother Doing Well.

Collinsville, Ct., Dec. 30.—By means of the Caesarian operation, Mrs. Joseph Norwalk, the wife of a factory employee here has been delivered of a child weighing 25 pounds. It is thought that the mother will recover. She is 39 years old. The child was perfectly formed, and had been dead probably 24 hours at birth.

The operation was performed under adverse circumstances, great trouble being experienced in getting sufficient light in the tenement house in which to work. None of the four doctors present had ever performed the operation before, and it is said it has been performed in this vicinity only four times in the past 14 years.

OKLAHOMA COLLISION.

Trains Piled Up on Choctaw & Gulf Railroad.

Oklahoma, O. T., Dec. 30.—The west-bound passenger train of the Choctaw, Oklahoma & Gulf Railroad collided head-on with an east-bound freight train 30 miles west of here today. Both engines were demolished and the cars piled up. Engineer Frank Curry and Fireman Butts of the passenger train, both of Shawnee, Okla., were killed. Several passengers were injured, none fatally.

COLDS grow into COUGHS, SORE THROATS lead to BRONCHITIS, HOARSENESS gets chronic if not cured and CONSUMPTION ends all.

BOSTON'S NEW TUNNEL

Great Crowds Take Trip on Opening Day.

CARS MOVE SMOOTHLY

No Fuss or Feathers Characterized the Opening — Tunnel Is Under Boston Harbor and Connects City Proper and East Boston.

Boston, Mass., Dec. 30.—Without the fuss and feathers which have characterized the opening of subways or tunnels in cities to which they are a novelty, Boston this morning threw open to public travel the big tube which now connects East Boston with the city proper. At 5:30 o'clock the first car left the head of the grade in Maverick square, East Boston, and started under the harbor. Arrangements had been made at the city stations to handle a possible crush of enthusiastic first riders, but there was no crush.

The East Boston tunnel is one of the longest submarine tunnels in the world. Its total length is 1.4 miles, although only 2,700 feet of this is under water. This length is exceeded by the Mersey tunnel at Liverpool, which is 3,690 feet long, but it is greater than the Blackwall tunnel at London and the Port Huron and Glasgow tunnels.

The tunnel was constructed at a cost of \$3,000,000 by the city of Boston, which has leased it for a term of twenty-five years, dating from 1897, to the Boston Elevated Railway Company, which will use the tunnel exclusively for the passage of its electric cars from Boston and East Boston. About four and one-half years have been consumed in constructing the tunnel. It is built entirely of concrete and is the only tunnel of that kind in the world. It has a maximum width of 23 feet 8 inches and an average height under the harbor of twenty feet, the lowest point of the tunnel being about ninety feet below mean high water. The tube is declared by experts to be absolutely fireproof and safe against leakage.

The system of ventilation includes the employment of a duct running through the upper part of the tunnel, with an air exhaust by the use of electric fans.

The Boston Elevated Railway Company will pay an annual rent for the use of the tunnel of 3/4 of 1 per cent. of the company's gross receipts. All persons using the tunnel must pay a toll of one cent in addition to the regular carfare, which passes to the city to pay interest on bonds issued and eventually to bring about their redemption.

This your head to the left?

Then there's no use trying. It's too late! Nothing in the world can make hair grow on a bald scalp that has been smooth and shiny for years. It's too late! No use trying now!

Or is this yours to the right?

Good. Only look out for dandruff! It leads straight to baldness. But there's use trying now, for Ayer's Hair Vigor cures dandruff, keeps the scalp clean and healthy, and checks falling hair.
